                                                                            2nd Lt. RA (Royal Artillery) 6.1.1900; Lt. RGA Jan.1906; Capt. RGA (Royal Garrison Artillery) Jul.1911; Maj. 10th Corps. Heavy Artillery 1914-1920;
                                        Barrington on the Castle
                                                                           in Aug 1914 was with 48 Heavy Battery RGA, part of 3rd Division, after being promoted Capt. 2.1.1911;
                                         Connel to Killaloe extension
                                                                           Took part in the opening battles and won the DSO for saving a wounded gunner under heavy fire on the Aisne 14.9.1914;
                                         of the Waterford & Limerick
                                                                           Became Brigade Major No 1 Group Heavy Artillery Reserve in Match 1915 and took part in Neuve Chapelle, Festubert, and Loos;
                                         Railway and the Rathkeale
                                                                           Promoted Major 5.8.1915; RA staff officer with Second Army Jun.1916-Feb.1917, when promoted Acting Lt Col and became
                                        & Newcastle Junction line,
                                                                            Counter-Battery Staff Officer with X Corps, taking part in Essines, Third Ypres and the Flanders 1918 fighting;
                                         on which he was replaced as
                                                                            Commanded 41 Brigade RGA Nov 1918 - April 1919 and then reverted to rank of Major:
                                         resident engineer by Thomas
                                                                            Mentioned in despatches six times; awarded the French Croix de Guerre;
                                         William Miles of Callinafercy.
                                                                           In a letter of October 1918 he shows he is conversant with the Salient environs by noting possible artillery training areas around Gheluwe
                                         Co. Kerry (who in 1868 was
                                                                            and "the crater area of Houthem, Tenbrielen, Zanvoorde, Paschendale [sic]"; also speaks of his wish to "get the mobile brigade I have
                                         appointed an assistant
                                                                            asked for since last May " and of his "11 years service in horsed heavy batteries in peace and war and one year in a bullock hea(v)y battery "
                                         engineer in the Public Works
                                         Department of Govt of India)
                                                                           m.1910 S. Beatrice <???>
                                         elected member of the Institute of Civil Engineers 7.12.1886; Civil Engineer in India, developing the Madras railways;
                                         Consulting Engineer to the Government of Madras; Chief Engineer (2nd class) at his retirement in Jan. 1893
                                         "...he entered the Bombay Public Works Department as an Assistant Engineer in September, 1863.
                                         Subsequently he served in the Punjab, Bengal, and with the Government of
                                         India, being promoted through all grades to be Chief Engineer of the second class, with which
                                         rank he retired in January, 1893, after 30 years' service. His experience was chiefly gained in the
                                         railway service, and among the lines on which he was engaged may be mentioned the Punjab
                                         Northern, Neemuch, and Western Rajputana State railways. He also acted as Engineer-in-Chief
                                         on the Northern Bengal and Tirhoot extensions, the Assam-Behar State Railway, and the East
                                         Coast Railway survey..." obit. in [ICE - Proceedings of the Institute of Civil Engineers, v.161 part 3, Jan.1905, pp.360-361]

                                         of "Upperton", Eldorado Rd, Cheltenham, Gloucestershire 1902-4
Eldorado Road, Chelt. 1898-1900;
                                         mentioned in [Walford's "County Families of the U.K." 1902, p.1059]
This was immediately prior to
Francis Blennerhassett Walker
                                         d.14.9.1904 Cheltenham; bur. Cheltenham Borough Cemetery, Bouncers lane, Prestbury plot No. A1-2180;
residing at "Upperton", Eldorado
Road, Cheltenham;
                                         m.1869 Katherine "Kate" Spring
this may be co-incidence, but
                                         b.c1846; d.4.1.1931 Cheltenham; dau. of Edward Spring of Ardrath (Youghal, Co.Cork?);
                                         bur. Cheltenham Borough Cemetery, Bouncers Lane, Prestbury plot No. A1-2180
perhaps they are connected..
